

ESG Office

Service Overview

ESG?
We take care of it.

ESG Office: Your Outsourced Sustainability Officer

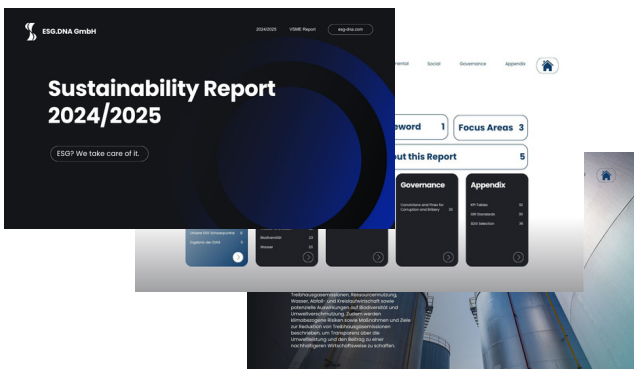

With ESG Office, we take over the external ESG function of your company, from strategy and reporting to the ongoing management of your sustainability topics.

Your Benefits

- + **External ESG Function**
Support from ESG experts without the need to build internal departments
- + **Holistic ESG Management**
Strategy, reporting, and data collection from a single source
- + **Regulatory Security**
Support with requirements from VSME, ESRS, and supply chain regulations
- + **Continuous ESG Development**
Ongoing support and optimization of your ESG activities

Starboard ESG Office Features

- + **ESG Strategy & Targets**
Definition of key sustainability goals and measures
- + **ESG Data Management**
Structured collection and maintenance of all ESG KPIs
- + **Sustainability Reporting**
Coordination and preparation of VSME or ESRS reports
- + **ESG Risks & Opportunities**
Assessment and integration into business processes
- + **Regulatory Monitoring**
Approval process and publication-ready report

Including VSME-/ESRS-Report:
This ensures ESG is structurally and sustainably integrated into your company.
